Payment Break-Down

If your payment has been made via MultiCaixa, rest assured as it has already been collected by Alegro and will be wired to **Casa do Rafa** once the payment is credited into our bank account.

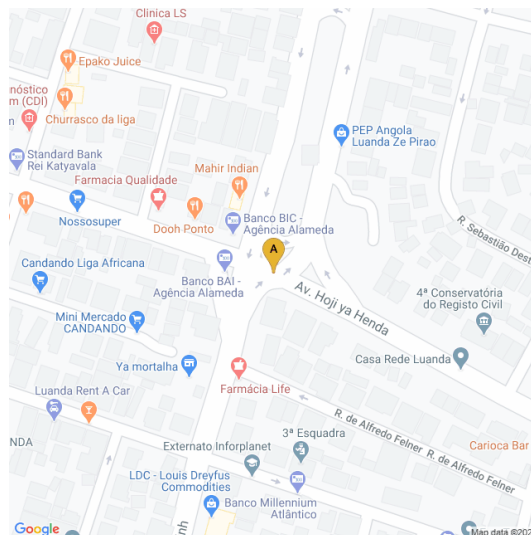

On the other hand, if your payment is going to be made at the property, you can also relax, as it will only be collected when you show up at the property during check-in.

Note: If you would like to request additional supplements (e.g. extra bed) do so at the property, as they are not included to the total amount.

The total amount is where Alegro takes its service fee from. Neither Alegro nor **Casa do Rafa** will charge guests additional fees at the time of check-in. Alegro does not charge hidden fees, as you only pay what you have asked for.
